Valentine's Day is fast approaching, and while treating yourself should be your no. 1 priority, there's nothing wrong with also gifting a special someone—especially if it gets you breakfast in bed courtesy of Maurizio Cattelan. Here's what to give those whose love carries over to the art world, from slogan-adorned Barbara Kruger sunglasses to the lusty fumes of a Tracey Emin candle.

If you can't get away for a trip to the desert—and didn't make it down to Art Basel Miami—Ugo Rondinone's Day-Glo pink and red painted stones are a perfect memento from his much loved Seven Magic Mountains installation in the sand outside of Las Vegas, and even supports its maintenance through 2018.
